

A LETTER FROM THE CEO

At the beginning of 2016, Pomerene Hospital became a private, not-for-profit hospital. The Pomerene Board of Directors was thinking strategically and made this decision to better prepare Pomerene for future changes that are happening in healthcare. This change made sense for Pomerene and the Holmes County community. Long term sustainability is on every leader's mind and this was the best way to ensure Pomerene's mission continues. We are still Holmes County's community hospital. Our focus has remained on our mission to provide high-quality, cost effective healthcare services to our community.

We have an amazing group of people who care so greatly about this hospital because they care so greatly about this community. That fact will never change.

We are very pleased with our accomplishments achieved throughout 2016
We look forward to serving you and your loved ones for many more years to come.
